Dear General Paxton:

In a recent news report, I learned about the request sent to your office and several county district attorneys for a criminal investigation of Anthony Fauci and several other high-ranking officials for crimes they may have committed against thousands of my fellow Texans during the COVID-19 pandemic.

I want to voice my full support for this investigation and urge you and your district attorneys to conduct a thorough examination of the policies and actions of these officials that caused and/or contributed to the deaths of so many Texans. It is about time that these people were held accountable for their actions!

Thank you.

Sincerely,
